

War the Card Game

-Connor Castillo

Period 1

Rules

- If the cards flipped are equal each player flips one card face down again as well as another card face up. Whichever card is now greater that player takes all of the cars and put them on the bottom of their pile.
- If the new cards are equal repeat the previous maneuver.
- Repeat until one player flips over a greater card than the other player.

Procedure

- To start you are going to need to get a full deck of 52 cards and 2 players.
- You are going to get the full deck, shuffle randomly, and then split it in half and give one stack to each player.
- Keep the decks hidden from the player holding as well as the other player.
- Don't order the cards nor move them from their dealt position
- Each player turns up the top card at the same time and the player with the higher card takes both cards
- The winner puts them, face down, on the bottom of his stack.\
- Continue playing until one player runs out cards in his pile
